# METALSMITH **Toy** COMPANIES

With a toy that's OUT OF THIS WORLD!!

Introducing the Alpha Saucer lineup!

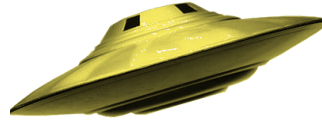

## Tons of fun packed into an awesome flying disc!

Metalsmith Toy Co. is introducing a new lineup of flying saucers and we want YOU and your kids to be our test pilots! With 8 different colors and a bunch of fun features, this is one deal you won't want to miss out on!

### ► ► Features of Galactic Proportion ◀ ◀

- Full air movement function.
- Each ship comes with an array of lights and beams, making night flights dazzle.
- Magnets are inside each model allowing for a beam like "abduction" effect when hovering over the small metal pieces included in the set.
- Low power lasers provide the opportunity for epic light fights with other saucers!
- 8 color options! Collect the red, green, blue, yellow, purple, pink, orange, and silver saucers for a full fleet!
- Soft edges to avoid injury in case of a collision.

- Easy to switch batteries so the light show and flight show can keep on going!

### ► ► Fun Ideas for the Family ◀ ◀

- From lightshows to tricks with the magnet, this toy isn't your everyday remote control vehicle.
- Why not bring them to the park and have the kids race?
- Set up an obstacle course and have them maneuver through it!
- With an active range of 50 meters (164 feet) these little drones are optimal for moving and flying.
- Soft lining great for taking bumps during play!

### ► ► When and Where ◀ ◀

- The Alpha Saucer lineup will be released in the Americas and Europe in 1 month. \*
- It will be released in Asia, Africa, and Oceania will get them two weeks later. \*

- Available in all major toy retail stores or online!

\*Catalogue owners can preorder

### ► ► Set up and fly ◀ ◀

Easy set up.

Instructions provided to avoid any unnecessary confusion.

5 Double A batteries included (3 for ship, 2 for stick).

- Simply pop them in and get flying!

### ► ► Keep this Brochure! ◀ ◀

Here at Metalsmith Toy Companies, we're always willing to help. When you get your RC Saucer, be sure to consult this brochure should you find any problems in set up or use.
